

SIGNAL SERVICE REPORT:

"Local rain, slightly colder weather."
HAZEN.

The Bourbon News advertises \$20,000 in Confederate \$100 bills, bearing 7 1/2 per cent. interest, for sale.

John B. Governor, the great temperance lecturer, died at 5 o'clock, last evening at Philadelphia from apoplexy.

Sixty-six new bills were introduced in the House Wednesday, making 738 so far this session. Most of them are of a local character.

The International Editorial Association will hold its next meeting at Cincinnati next week, beginning on the 23rd and ending on the 25th of the month.

The Louisiana railroad employees to the number of several hundred are on a strike for higher wages, and are giving considerable trouble to the companies.

The Legislature has adopted a resolution which has in view the appointment of a committee to investigate the Eastern Kentucky Lunatic Asylum at Lexington.

Hon. GEORGE H. BROWN has been nominated for Circuit Judge and S. G. KLINER for Commonwealth's Attorney by the Democrats in the Sixteenth Judicial District.

Protests against abolishing the Geological Survey are being heard from almost every section of the State, and it is not likely now that the House will concur in the action of the Senate.

In all reports be true, the adulteration of tea must be a very easy thing. This is borne out by the statement that 500,000 pounds of willow leaves are annually consumed by the tea-drinkers of this country.

FEBRUARY 25th is the constitutional limit of the present session of the Legislature. It will require a two-thirds vote of all the members to continue it any longer. The indications are that it will be continued.

STATE GEOLOGIST PROCTOR, who has returned from England, thinks he has succeeded in interesting English capitalists in the enterprise of developing the mineral resources of this State, and that great good will eventually result from his trip. "So mote it be."

SINCE the exportation of gold was begun last fall, about \$4,000,000 have been sent to other countries. The "gold bug" of the East, however, cannot use this fact as an argument against silver, as such exportations are nothing unusual at this season of the year.

A CINCINNATI woman has obtained judgment against a saloon-keeper for \$5,000 damages for selling liquor to her husband, from the effects of which he died. If the saloon-keeper fails to pay damages for every fellow whose death was brought about by his whiskey, the saloon business would soon become decidedly unpopular as well as unprofitable.

A CONVENTION item in the Cincinnati Commercial Gazette says: "The representatives of Mr. Huntington, the railroad king, have already begun operations looking to the extension to the Kentucky Central to the Ohio and across to Cincinnati. The property of Mr. Zelsz on Pike street, near Craig street, and that of Mr. Workman, on Bremen and Craig, it is understood, have been purchased, and negotiations are in progress for more."

JERISON from the past, it will take more than a set of Republican resolutions to disturb Cleveland's equanimity. The Republican Senate thinks the action of the Attorney General in refusing to furnish information in regard to suspended officials is reprehensible. The Republican Senators have also resolved that they will reject all nominations where the heads of departments refused to furnish that body with the information asked for.

THERE are forty-five counties in the State which have no railroads. It will be found upon investigation that nearly all of them will, when railroads do penetrate them, be among the richest in the State. There are those who speak of the mountain counties, whose topographical situation has retarded the building of railroads, as pauper counties, who will live to see the day when many of them will head the list in the value of their mineral and manufactured products.—Frankfort Yeoman.

The Revenue Reporter is authority for the statement that a candidate for county office at Pleasant went eight years of whiskey and \$1.25 to secure his nomination. If the Legislature would pass a law to prevent the sale of liquor, the candidate would be a failure.

It will not be a great many years, we predict, before the honest people of the country will rise up in all their irrepressible strength and crush out the "baneful practice." The nefarious business is growing worse and becoming more open every day, and it is only a question of time when the fight against it will be begun.

THE TORY DISSENTERS.

CAUCUS OF LEADERS TO DECIDE PARLIAMENTARY POLICY.

Stirring Anti Irish Speeches Made Which Are Heavily Opposed—Gladstone Accused of Treachery—Fears of Hidden Meanings—No Issue Raised—Foreign.

LONDON, Feb. 19.—The caucus of the Tory leaders to decide the party's policy in parliament upon the Irish question, assembled at the Carlton club, Lord Salisbury presiding and 150 Tory peers and members of the house were present, including Lord Randolph Churchill, and other members of Lord Salisbury's late cabinet. Lord Randolph and others made stirring anti-Irish speeches which were heartily applauded.

Some of the speakers believed that Mr. Gladstone would seek to carry through his Irish schemes by treachery, and occasional members to rightly scrutinize every Irish measure moved by the government, to see that it does not contain hidden meanings which would result in the subjugation of more than was intended.

The general issue of the speeches and the enthusiasm with which they were received, indicate that the Tories will strenuously oppose any concession of Home Rule to Ireland.

Catholicism in China. LONDON, Feb. 19.—A Cable News correspondent outlined an interview with the late vicar general of the Catholic church in China. The prelate expressed himself as delighted with the progress of the church in the United States, and the liberal manner of the authorities in their intercourse with the priests. He reports that the imperial court in Peking has urgently requested the establishment of an apostolic legate at that capital, and a commission of cardinals is now considering the advisability of supplying with the vacant seat.

London, Feb. 19.—A Paris dispatch to the Times says that no replies to the invitation to assist in the Paris exhibition having been received except from Greece, it is probable that the project for holding the exhibition will be abandoned.

German Military. VIENNA, Feb. 19.—A bill has been introduced in the Reichstag to create a Landwehr in Austria. It provides for the enrollment of all men between 19 and 32, between the ages of 19 and 32.

Monetary. LONDON, Feb. 19.—The bank of England rate discount has been reduced from 3 to 2 per cent.

STREET CAR STRIKE.

Out Again in New York Demanding the Promised Changes.

New York, Feb. 19.—The cars on the Eighth Avenue line stopped running at 5 o'clock this morning. Crowds of fullers were disappointed and disgusted on account of the cars not running. They kept in promise. Long hours, poor pay and overwork have determined the men to make a firm stand this time, and it is said they will make a permanent success. Negotiations looking to a settlement of the difficulty are now in progress.

The men say the company has not put the time table they promised into effect and have been keeping them waiting on promises. They say the "trip" system, which makes a great difference in pay. The "trip" idea is to pay the men by the trips they make. For two trips requiring really five hours, they receive but fifty cents. Sobriety is one of the strictest rules of the Drivers' and Conductors' association, and the men have been found intoxicated is heavily fined. As a result they are all sober and quiet, and there is not the slightest necessity for police interference.

MOB VENGEANCE.

George Robinson Taken from Jail and Hanged by Judge Lynch.

MONROE, La., Feb. 19.—George Robinson, who shot and killed Willard Parker near this city on the night of December 11, was taken from jail by a party of one hundred men and hung over the scene of the tragedy. Robinson killed Parker in defense of his house and person. A party of six or eight white men went to his cabin to whip him on account of a difficulty he had with a young white man. Being refused admittance they threatened to break down the door where Robinson attempted to escape by the back entrance.

Here Parker had been stationed to intercept the negro. Robinson fired on him, shooting him through the breast and escaped to Bolivar county, Mississippi, where he was captured a few days ago.

N. Y. Mail.

SYRACUSE, N. Y., Feb. 19.—The executive committee of the State Bar Association met here, Rochester, Binghamton, Syracuse, Utica and Oswego, were represented, delegations were present from Buffalo, Troy, Toronto and Hamilton, Ont., looking for the admission of clubs from those cities. Buffalo was admitted and Troy excluded. There is some opposition on the part of Binghamton, Oswego and Utica, on the admission of the Canadian clubs, but it is probable that they will be admitted this afternoon, thus admitting an international league.

GAUDAUER'S CHALLENGE.

He Posts a Forfeit and Now Wants to Retract the Challenge.

ST. LOUIS, Feb. 19.—Gaudauer, the carman, has issued the following challenge: "I hereby challenge John Toomer, champion snail of America, to row me a three mile race on any lake course in the United States, on or before May 3, for \$1,000 a side and the championship of America."

Gaudauer has deposited \$500 with the Missouri Republican as a forfeit. He is backed by A. J. St. John, who has a share in the race.

ADULTS, Wis., Feb. 19.—A large portion of the business section of this city was destroyed by fire. A hotel and the postoffice is included. A list of burned buildings. The loss foots up about \$40,000; insurance for about half that sum.

Canal Boat Sunk.

New York, Feb. 19.—Canal boat No. 1 of the Lake Erie and Western Coal company, loaded with 250 tons of coal, sank at pier No. 35, North river. All hands escaped.

Angel's Wife Has Him Arrested. New York, Feb. 19.—Isaac Angel, a partner and nephew of ex-Gov. James H. Angel, was arrested on complaint of his wife that he abandoned her one month ago, and had failed to provide for her and their two children. He was paroled in the custody of his uncle. Angel said that his wife left him nine months ago and went into Massachusetts against his wish, taking the children with her. He says she was able to pay her own bills.

What the Governor Really Thought. ALBANY, N. Y., Feb. 19.—A very annoying error attended the telegraphing of Governor Horatio Seymour's last message announcing the death of Horatio Seymour. In sending the message out from Albany the Associated Press made him say Governor Seymour was the candidate of "the great party." In many newspapers this line was printed as "the great Democratic party." What Governor Hill wrote was "a great party."

The Weather. WASHINGTON, Feb. 19.—For the Ohio Valley and West. Fair, slightly warmer weather, winds generally southerly, falling followed in the extreme western portion by rising barometer.

For the Lower Lake region: Fair weather followed by increasing cloudiness and local snows, winds shifting to westerly, slightly warmer weather, falling barometer.

Wild, Fatal Shooting. CHICAGO, Feb. 19.—George Sillman, a saloon keeper at 184 Fourth avenue, in a drunken frolic fired several shots from a pistol in front of his saloon. Police arrested Klammner and to see what was the matter when Sillman fired upon him, the ball entering the back above the thigh inflicting a probably fatal wound. Klammner was removed to the hospital.

Attached for \$73,000. SPOKANE FALLS, W. T., Feb. 19.—Attachments to the amount of \$73,000 were placed on the estate of Schellinger Brothers, general merchandise dealers here.
